

AIRSHIPS REACH LONDON

Ten Big German Airships Cross the East Coast of England Last Night.

One Driven Off, Seeking to Return, Was Shot Down and Occupants Incinerated.

(Associated Press Cable.)

LONDON, ENGLAND, OCTOBER 2.—TEN AIRSHIPS CROSSED THE EAST COAST OF ENGLAND LAST NIGHT BETWEEN 9 O'CLOCK AND MIDNIGHT.

One airship, of the latest type, approached the north of London at about 10 o'clock, but was driven off and pursued by aeroplanes.

She attempted to return, but was attacked by guns and aeroplanes and brought to earth in flames in the neighborhood of Poters Bar shortly before midnight, where she fell into an open field.

The members of the crew were incinerated and the bodies scattered over the field some eighty yards from a farmer's cottage.

The airship burned more fiercely than the one previously destroyed.

A second airship attempted to attack London from the northeast and was driven off. Bombs were dropped.

The remaining airships wandered aimlessly over the eastern counties, and in Lincolnshire bombs were dropped promiscuously.

Most of them appear to have been dropped in open country, for police reports late today tell of but one person being killed, one injured and announce that the material damage was small.

UNION STOCK YARDS BURNED

Many Head of Cattle and Quantity of Supplies Are Consumed at Cleveland.

By Associated Press Dispatch.

Cleveland, Ohio, October 2.—Several hundred head of live stock, two acres of sheds and a large quantity of supplies were destroyed by fire at the Cleveland union stockyards here this afternoon. The loss will be about \$35,000.

Many carloads of cattle were saved by being hauled from the danger zone, and hundreds of others, in pens, were released by employees and are now roaming the entire west side of the city.

SALONIKI SEES LIVE REPRODUCTION OF AMERICAN PAINTING, "SPIRIT OF 1776"

"SPIRIT OF 1916" IN GREECE.

As the three men shown in the picture paraded the streets of Saloniki, where they were photographed, they reminded some Americanized Greeks of the American painting, "The Spirit of 1776," and the picture was dubbed, "The Spirit of Greece in 1916." Strictly speaking, however, these men are not Greeks at all, but Macedonian Turks and wandering mendicant musicians, wandering from town to town in the disturbed country. Men such as

these have caused much trouble in Saloniki and the surrounding country by their lawlessness, and their activities will probably be restricted severely when Greece begins active operations against the Bulgars and Turks.

RUSSIANS ASSUMING OFFENSIVE

Attention Again Directed to the Eastern Zone of War.

Lemberg Menaced.

Serbian Success Gains Against the Belgians.

(Associated Press Cable.)

London, October 2.—Successful resumption by the Russians of their offensive in Galicia draws attention anew to the eastern war theater, in which the operations have been apparently of comparatively small importance since General Brusiloff's drive for Lemberg was held up some time ago.

Berlin Concedes

(Associated Press Cable.)

London, October 2.—Berlin and Vienna concede today that advantages have been gained by the Russians, who have been attacking from both the north-

east and southeast of the Galician capital, and have gained ground in the latter district and along the Brody-Zlochoff road, in the former.

In Macedonia

(Associated Press Cable.)

London, October 2.—On the southeastern front in Macedonia, the British have maintained the advance scored in their attack Saturday near the Struma, beating off Bulgarian attacks and retaining two villages captured along the road to Seres, according to London today.

The forward movement along the Struma synchronizes with a Serbian success on the western Macedonian front.

Serbian Success

(Associated Press Cable.)

London, October 2.—The continued struggle in the Kaimakalan district has resulted in the Serbians not only securing possession of the principal heights in the region southeast of Monastir, but in an advance of more than a mile north of the main peak, where the village of Kotchovje has been taken.

Somme Front

(Associated Press Cable.)

London, October 2.—Recent operations by the French along the Somme front appear to have been mostly in the nature of minor attacks.

The British main effort has been directed to the thrust toward Bapaume, along the road to Pozieres, where an advance on a front of

more than a mile and a half was announced last night by London.

Paris reports a French success east of Bouchavesnes, where a trench and some prisoners were captured.

Greece Ready

(Associated Press Cable.)

Athens, Greece, Sunday, October 1, via London, October 2.—The negotiations between Greece and the Entente Powers are believed, in circles close to King Constantine, to be nearing completion; and it is even asserted in some quarters that a military accord has been already secretly reached, but is being kept secret pending the arrangement of details, as in the case of Roumania.

Russian Captures

(Associated Press Cable.)

London, October 2.—Petrograd's official report today on the Russian campaign for Lemberg announces the continuation of stubborn fighting, with the taking of 1,500 prisoners by the Russians.

From September 19 to 28 the Russians took 2,600 prisoners in the Carpathians.

MURDER MYSTERY GRIPS LANCASTER

By Associated Press Dispatch.

Lancaster, Ohio, October 2.—Local and state authorities are making efforts today to solve the mystery surrounding the death of Agnes and Alice Smetters, aged 48 and 50, and Miss May Stretton, 30, whose bodies were found by neighbors in the Smetters home yesterday.

The women were found seated in rocking chairs, as though death had interrupted a conversation.

Stomachs of all three women were sent to the state chemist at Columbus today for examination, to ascertain whether the women had been poisoned.

A half of an apple pie also was sent to the state chemist. Local authorities say the pie was the only food in the house which apparently had been eaten.

It was believed at first that escaping gas had killed the women, but no leaky pipes or sign of gas has been found.

M' CORMICK IN CONFERENCE

President Wilson Talks With National Chairman

By Associated Press Dispatch.

Long Branch, N. J., October 2.—

Vance C. McCormick, Chairman of the National Democratic Committee, arranged to come here late today for a conference with the President on the campaign.

It was considered probable that he would make final arrangements for the President's two speeches in New York state.

On his coming trip to Omaha and back, this week, the President will make brief stops in Chicago, but is not expected to speak there, as he will make an address in Chicago October 19.

WILSON CONFERS WITH HENRY FORD

Detroit Manufacturer Lunches With the President and Talks Politics.

By Associated Press Dispatch.

Long Branch, N. J., October 2.—

Henry Ford spent several hours in conference with President Wilson today and reassured the President that, although he was a Republican in the past, he was supporting the President. Ford had luncheon with Mr. Wilson.

Representative Patten, of New York, also conferred with the President, discussing the political situation in New York state.

MILK SHORTAGE IN NEW YORK

Dairymen and Distributors Disagree and Gotham Short 2,500,000 Quarts.

By Associated Press Dispatch.

New York, October 2.—Less than sixty per cent of the usual 2,500,000 quarts of milk required by New York and vicinity for daily consumption was reported available today, as a result of a deadlock between dairymen and distributors over the price of the product.

From the heads of the principal distributing concerns it was learned that the supply for customers was about 50 per cent of normal, but with a promise of better conditions tomorrow.

Hospitals and families with children are receiving first attention, the distributors said.

Efforts were being made today to obtain milk from distant states, and train service to transport it is being arranged for. No settlement of the dispute seemed in sight today.

ALLIANCE INDORSES HUGHES

German-Americans First Resolve That Wilson and Pomerene Must Be Defeated—Later Indorse Hughes and Herrick.

Prominent German-Americans Give Out Statements.

By Associated Press Dispatch.

Cincinnati, Ohio, October 2.—

"Two things were done at Columbus yesterday by the German American Alliance:

"First, the passage of a resolution declaring that Wilson and Pomerene must be defeated, and

"Second, that Hughes and Herrick must be supported."

This statement was made here today by Henry Alberts, secretary of the state, as well as of the local German-American Alliance.

President John Schwab left for New York directly following the meeting of the Alliance in Columbus yesterday.

"It was the understanding that nothing was to be given out for publication until I had prepared, in a formal manner, exactly what was done; but in some manner, reports have leaked out, and I am therefore willing to tell what was done.

"The resolution as originally introduced was in the negative, inasmuch as it only declared that Wilson and Pomerene should be defeated; but after discussion it was amended to make a positive declaration in favor of Hughes and Herrick.

"More than this I do not care to say at present, but you can rest assured that all reports which deviate from the above information are not true."

HUGHES WILL COME TO OHIO CAPITAL

By Associated Press Dispatch.

Columbus, Ohio, October 2.—Charles E. Hughes, Republican candidate for President, will speak in Columbus during the last week in October, it is announced at the Republican State Headquarters today.

GOVERNOR'S WIFE RETURNS TO HOME

By Associated Press Dispatch.

Columbus, Ohio, October 2.—Mrs. Frank B. Willis, wife of the Governor, has been brought to this city from Delaware, Ohio, where she was injured in an auto accident last week, and is resting at a local hotel.

Physicians in charge of the case announce today that Mrs. Willis is rapidly recovering from the effect of the accident.

AUTO HIT BY TRAIN

Crossing Tragedy Occurs Near City of Hamilton.

THREE KILLED, FOUR HURT

Automobile Plunges Over Twenty Foot Embankment in Eastern Ohio. One Man Being Killed and Woman Fatally Injured—Accident Near Delaware Likely to Result Fatally—Party of Five Have Narrow Escape.

Hamilton, O., Oct. 2.—A passenger train and touring car figured in a crossing tragedy near here.

Three persons were killed and four badly injured when the automobile in which they were riding was struck by a train on the Cincinnati, Hamilton and Dayton railroad at Overpeck Crossing, five miles north of here. They were all residents of this city.

The dead: John Mapler, Henry Logan and Lillian Denny. Those injured were Warren Hale, Mary Denny, Henry Denny and Zola Graves.

The three dead were all in the rear of the machine. The injured were removed to the hospital at Middletown.

DELEWARE TRAGEDY

Delaware, O., Oct. 2.—Two persons were seriously injured in a collision between a motorcycle and an automobile just east of this city. Mrs. Charles Pifer of Richwood, O., who was in the automobile with her husband and Mr. and Mrs. George Murphy, also of Richwood, was the only one of the automobile party to receive serious injury. It is said that she will probably lose her right eye and suffered serious internal injuries which may prove to be fatal.

OVER EMBANKMENT

Zanesville, O., Oct. 2.—Clifford Lyons, forty, was killed and his wife was probably fatally injured when their automobile plunged over a twenty foot embankment on the Kenning Hill between Caldwell and Belle Valley. Mr. and Mrs. Garner Dickerson were badly injured. All were from Renock, O. The accident occurred when Dickerson, who was driving, became confused when cars approached him from opposite directions and he drove over the embankment. The car turned over three times.

MOTOR CAR WRECKED

Port Clinton, O., Oct. 2.—Five persons narrowly escaped injury here when the automobile owned and driven by Silas Pryor of Tiffin was struck by a New York Central freight train at Witts Crossing. The automobile was wrecked.

STRANGE FATE

Lancaster, O., Oct. 2.—Neighbors of the Smetters family, not having noticed anyone about the home during the day, went to the house and found the two Smetters sisters, Agnes, forty-eight, and Alice, fifty, together with Mary Stretton, thirty, sitting erect in chairs and all three dead. There was no sign of violence or poison. Suspicion that the deaths had been caused by gas were set at rest when examination of the gas pipes showed no leak. The stomachs of the women will be sent to Columbus for examination.

CARPENTER SUICIDES

Newark, O., Oct. 2.—In a note found beside the body of James Holbrook, fifty-four, carpenter, who committed suicide by shooting, it was revealed that Holbrook intended to kill three members of a family named Gartner, who lived in the neighborhood, before ending his own life.

IRELAND HAS MORE FARMING

(Associated Press Cable.) Dublin, Ireland, Oct.—The efforts of the Irish Department of Agriculture to increase the food supply have resulted in an addition of over 85,000 acres of land to the area under cultivation. Instructions have been sent about the country advising farmers as to the best means of utilizing their land, and the growing of catch crops.

Although Ireland has a flourishing linen trade in Belfast it does not, to any great extent, grow its own flax, and the Department has been endeavoring to remedy this. Early in August, 1914, the Department issued a memorandum advising flax-growers to save flax-seed for their sowing requirements the following spring. The procuring of seed during the season of 1914-1915 was attended with considerable difficulties. Upon representations of the Department of Agriculture, facilities were obtained, through the intervention of the Foreign Office, for the export of seed from Russia and Holland to this country. Though these supplies helped the flax-growers, it was insufficient to meet their full requirements. A society of Flax-Growers has been formed, and arrangements have been made for the cultivation of the crop on a more extensive scale.

RUSSO-JAP PRESSURE

(Associated Press Cable.) Peking, Oct. 2.—Russia's demand that representatives of Outer Mongolia shall not be permitted to sit in the Chinese parliament is an indication that Russia does not intend to slacken the hold which it obtained upon Outer Mongolia through its treaty with China recognizing the autonomy of Outer Mongolia in so far as domestic affairs are concerned.

With Japan encroaching upon Inner Mongolia, as is indicated by the recent riot at Chenghiatun, and with Russia pressing in on Outer Mongolia, Chinese officials are especially uneasy about the intentions of these two powers, particularly in the light of the recent Russo-Japanese treaty in which the two countries agree not to interfere with each other's "special interest" in the Far East.

Prince Koudacheff, the Russian minister, represented to the foreign office that Outer Mongolia being an autonomous government naturally should not participate in the Chinese parliament but should have an assembly of its own to direct its own internal affairs.

Russia's absolute control of Outer Mongolia is well known to all persons in official life in the Far East. Trading with the enemy regulations in Outer Mongolia is quite the same as they are in Russia. The Hutuktu of Urga, who is the real ruler of Outer Mongolia, is under absolute Russian domination.

So far Outer Mongolia has not officially stated whether it desires to be represented in the Chinese parliament. However, in view of Russia's control of Outer Mongolia affairs, it is believed that the Hutuktu will decline representation at Peking if he be called upon by Russia to make a decision in the matter.

STATE WILL AID ON JOINT COUNTY BRIDGE

The State Highway Department has agreed to enter into the proposed improvement of the inter-county bridge on Inter-county Highway No. 8, which connects Highland and Ross county at Greenfield. The bridge is to be modernized and have steel stringer placed in the floor and a cedar block floor put in, similar to that put in the Kilgour bridge. The State Highway Department has consented to act on this matter as soon as the County Commissioners of Ross and Highland county take action jointly in a resolution setting forth the need of the improvement. This joint meeting or joint action will probably be forthcoming within a few days, and there after the matter will be in the hands of the State Highway Department.

In the division of the cost of this work the State Highway Department bears fifty percent of the cost, and each of the counties involved will pay 25 percent.—Scioto Gazette

Soldiers of Empire State to Vote On Border With Eight Foot Ballot

SECRETARY HUGO and EIGHT FOOT-WAR BALLOT

New York State soldiers on the Mexican border will use a ballot eight feet four inches long on election day, according to Francis Hugo, secretary of state of New York. It will be the longest ever used in a combined national and state election and the first "war ballot" since

1898, when American soldiers were on Cuban soil. A carload of election supplies will leave for the border about October 20. Secretary Hugo will send a representative from the election bureau of his office to Texas to complete arrangements for polling the soldiers' votes.

NEW DIVISION SUPERINTENDENT

Mr. A. A. Iams, for many years superintendent of the Wellston Division of the C. H. & D. Railroad, and one of the best known and best liked men on the division, has been appointed Division Superintendent of the B. & O. Railroad, with headquarters at Chillicothe, to succeed G. D. Brooke.

Mr. Brooke has been promoted to the superintendency of the Cumberland Division, one of the heaviest tonnage divisions of the system, and the appointment comes in the way of a promotion.

M. H. Cahill, superintendent of the Cumberland district, has been promoted to the Pennsylvania Division, succeeding E. A. Peck, who for several years had been in charge of that division, but who recently tendered his resignation.

Previous to his appointment as superintendent of the Ohio Division of the Western lines, Mr. Brooke was assistant superintendent of the Cumberland division. He has been with the road fourteen years, and started as a rodman in the engineering department. He has proven a capable official in every respect.

The new superintendent is well known in this city, and in fact in every town on the Wellston division of the C. H. & D. and is a man of more than ordinary ability.

ROADMASTERS ARE CHANGED ON D. T. & I.

F. Pritchett, roadmaster on the D. T. & I. from Jackson to Springfield, has been changed so that his territory extends from Bainbridge to Ironton.

J. E. James, formerly roadmaster from Springfield to Napoleon, succeeds Pritchett, and his territory is now Bainbridge to Lima.

ROUGH ON ITALY

Berne, Oct. 2.—The Milan newspaper, Avanti, the central organ of the Italian Socialists, demands that the government confirm or deny the rumors that the loans granted to Italy by England for war purposes had to be secured by mortgages on railroads and custom receipts. The paper states that sums advanced by England to the Italian government are nearing the billion dollar mark and it expresses the fear that this enormous debt may turn Italy into a British dependency.

PLEA IS DENIED

(By American Press) Sioux Falls, S. D., Oct. 2.—The federal circuit court here, in effect, upheld the right of individual states over the interstate commerce commission in the regulation of intrastate express and freight rates. The court denied the plea of express companies in South Dakota for an injunction restraining the state supreme court from restraining operation of higher express rates within the state, ordered by the interstate commerce commission.

WOULD MAKE GOOD

(By American Press) New York, Oct. 2.—Miss Anna Kuhn, who has just started suit for alleged breach of promise to marry against Jacob Kenkel, was taken back when the latter replied by filing in legal form an offer to carry out the alleged contract "at the city hall or elsewhere in any lawful manner agreeable to the defendant and which she may suggest." Miss Kuhn is thinking it over. Her lawyer advises her the offer kills her case.

TATOOING THE RAGE

(By American Press) London, Oct. 2.—A craze for tattooing is sweeping England. Both rich and poor have taken up the fad. King George was one of the pioneers. The king was tattooed with butterflies, dragons and flags on his arms by a Japanese artist several years ago. Today there is hardly a society man or woman who does not bear some indelible emblem.

ILLINOIS CENTRAL

(By American Press) New York, Oct. 2.—The annual report of the Illinois Central Railroad company for the fiscal year ending June 30 last shows an increase of \$6,965,790, or 11.21 per cent in total operating revenues, and an increase of \$3,198,530 in net operating revenue.

REDUCTION MADE IN PENNSYLVANIA TIRES

Word has just been received by Shobe-Gamel Auto Sales Co., local distributors for Pennsylvania Tires, that a new reduced schedule of prices covering the entire Pennsylvania Line is effective October 1st, 1916.

Notwithstanding the average high level of raw materials, the large volume for the first eight months of this year, together with saving in cost, has enabled the Pennsylvania Rubber Company to reduce prices on Vacuum Cup, Ebony Tread and Bar Circle Tires and at the same time, maintain the established quality.

The reputation of the Company is sufficient assurance that the irrevocable policy of Quality First will continue. The reduction will in no way change this policy.

Athletics in the Schools

The introduction of athletic games and contests into the schools and colleges of the land has served great good. It has done more to bind the pupils to the school, to compel them to take a wholesome interest in the work and the life of the school room than any other one method ever devised. The amusements and pleasures which have now become really a part of the school course have practically done away with all distracting outside influences. The attention of the boys and girls, the students of the institutions of learning, public and private, are today centered upon the great work of life—acquiring an education. The every demand of the energetic youngster is supplied at school. The education now days includes body as well as mind. In the days when boys and girls were compelled to regard school work as nothing but drudgery, the excitement which the outside world alone furnished, all too frequently, proved the stronger magnet and youth found its pleasure and opportunity for physical development only by paying the price of neglecting studies. The folks now days who have the schools in charge realize that the course to be taught must include enough to occupy the time of the restless youngsters. We have known for a long time that play, wholesome amusement and combat, was a demand of every healthy young human being but we were a long time in providing that branch of his education for him.

Back to the Tariff

The presidential campaign is beginning to show signs of improvement as it grows older. The people—the majority of them, excluding the office seekers—have steadfastly refused to become wrought up over the issues thus far emphasized by Mr. Hughes and he is now shifting his attack and arguments for the third time since he began the campaign. After weeks of a rather violent discussion on the Mexican situation and the Adamson eight-hour day law, Mr. Hughes seems now to have awakened to a realization of the fact that, on the first mentioned, public opinion was crystallized long before he began his discussion and as to the last mentioned, public opinion has long favored an eight hour day for laborers. After a great deal of discussion Mr. Hughes seems to have concluded, judging from his later speeches, that it was impossible to attack the strike settlement broadly without creating the impression that both he and his party, opposed the eight-hour day. The distinction was a fine one to draw and Mr. Hughes has later shifted to the old reliable tariff issue. No doubt Mr. Hughes and his managers will feel much more at ease now. The tariff is a subject with which all are familiar and there seems to be no danger of falling into unknown pitfalls in a field which has been so thoroughly traveled over for so many years.

Courage Is Not Dead

The acts of heroism on the fields of battle in Europe, the tremendous sacrifices made by the men and women of the nations involved furnish a sweeping and complete refutation of the assertion that men are growing less courageous and more selfish and commercial. While men have prospered materially and advanced intellectually, it has not been at the expense of physical or moral courage. No knights of old, no Roman gladiator, no savage primitive man ever gave to the world stronger exhibitions of courage than thousands of brave men from every nation of the earth, give daily on the battle fields of Europe. No men of any age in the history of the world have been called upon to face the dangers and almost certain death which now confronts the soldiers of Europe. Mothers, wives, daughters and sweethearts give uncomplainingly and endure the privations cheerfully for the nation's good. No one can, in the face of the heroism exhibited on the battlefields of Europe, the sorrow borne in the stricken homes of the nations at war, assert that patriotism is dead and the love of the material has attained supremacy and mastery of the minds of men. Patriotism and courage have never been put to so severe a test and never have human beings given more satisfactory proof that they possess those qualities which make for the progress of civilization and the growth of nations than they are giving right now.

Poetry For Today

IN THE DISTANCE.
 Blue mountains in the distance and
 sunlight on the road,
 And heavy wagons creaking be-
 neath a fragrant load;
 The humming of a bee song, the
 bluish-purple haze,
 That hangs below the sky line on
 pensive autumn days.
 Blue mountains in the distance,
 their summits touched with white
 That glows like dust o' diamonds
 with frosty, gleaming light;
 As if the summer's languor and win-
 ter's chilling blast
 Were lingering together, and mak-
 ing friends at last.
 Blue mountains in the distance, pale
 shadows on the grass,
 And winds that breathe the secrets
 of heaven as they pass;
 The whole wide world seems singing
 a dreamy harvest song.
 What though the cold is coming?
 The autumn days are long!
 Blue mountains in the distance, and
 oh, I wish that I
 Might see once more their outlines
 serene against the sky;
 For though I dwell in cities, though
 far away I roam,
 Blue mountains in the distance will
 always whisper—"Home."

PRACTICAL HEALTH HINT.

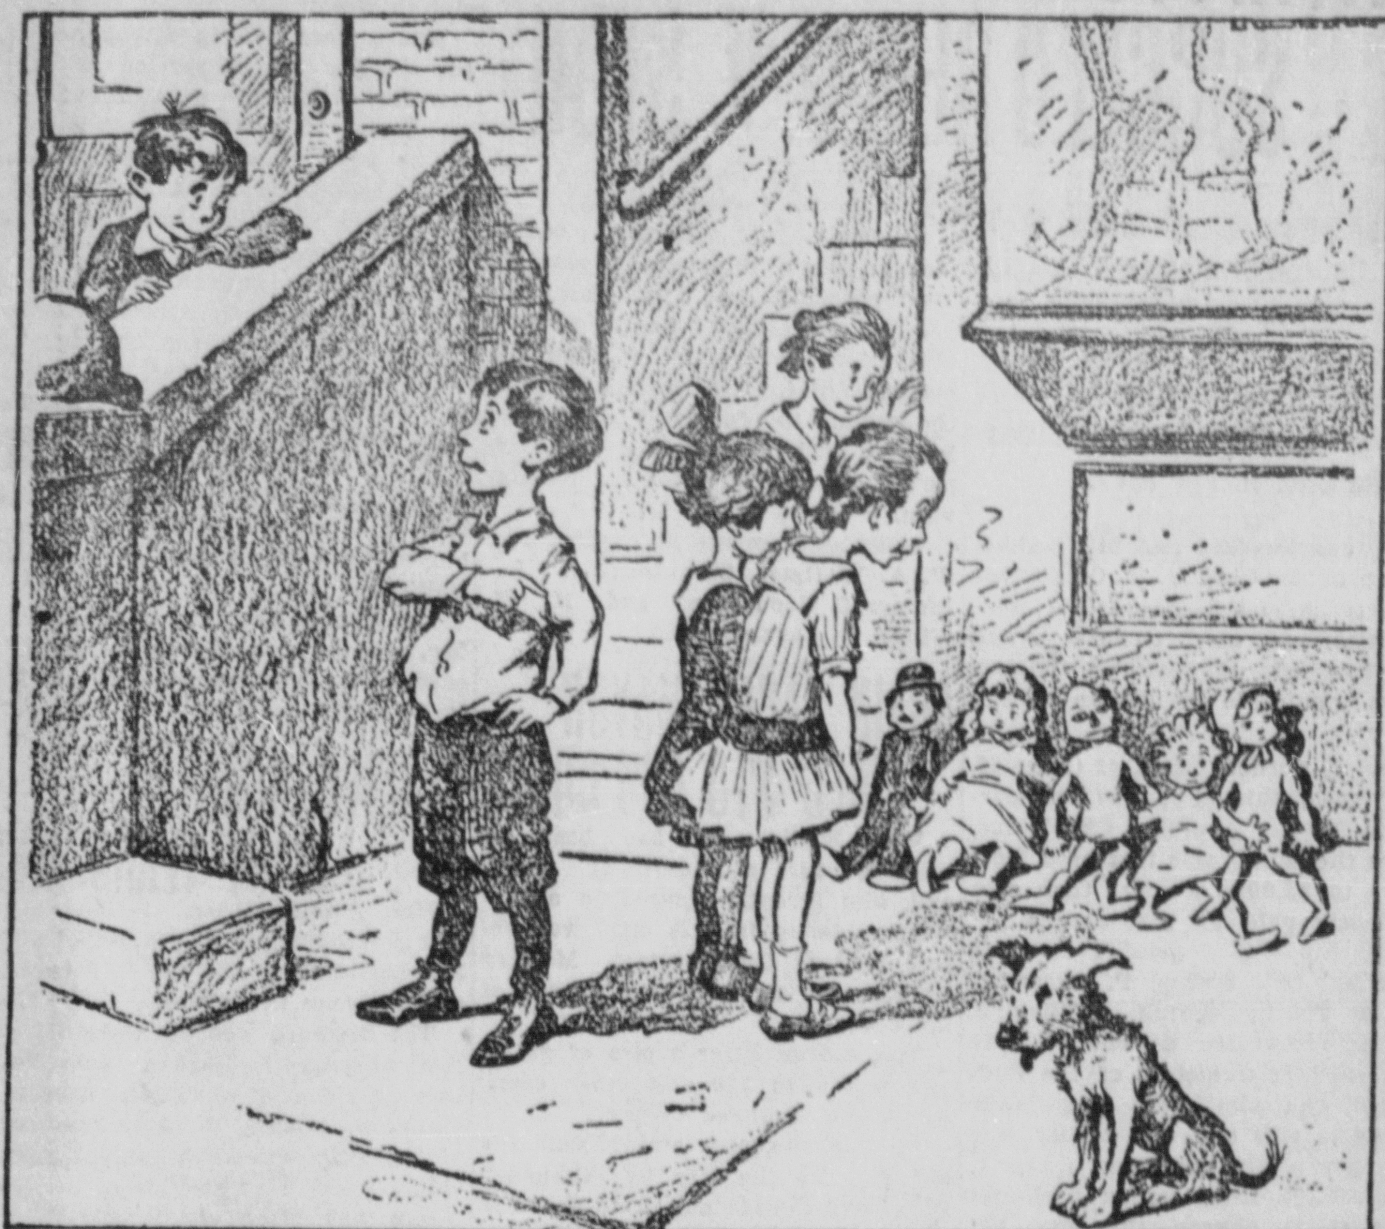

Helping Nature.
 The skin does more than act as a covering for the body. It is one of the principal organs for throwing off waste which the body is constantly forming just as fire forms ashes in the process of burning.
 The kidneys and the liver, the lungs and the skin all co-operate to get this waste out of the system.
 In the case of the skin there are millions of little pockets called sweat glands which have this work to do, for sweat is nothing more than a watery extract of the waste products of the body.
 By living moderately, eating sparingly of meat and drinking plenty of water one makes it easy for the system to throw off waste matter, and thus overstrain on these organs is prevented. By drinking plenty of water especially the digestive apparatus and the kidneys are kept in such condition as to avoid many of the troubles of later life.

14 KILLED

Switch Engine Crashes Into Streetcar at Detroit.

Detroit, Oct. 2.—Fourteen persons were killed and more than twenty-five injured, several probably fatally, when a switch engine pushing two freight cars crashed into a crowded streetcar on the East Side. There were more than ninety persons in the car.

Those who were killed outright at the crossing were so badly mangled that identification there was impossible.

According to a member of the switching crew, the train was moving at about twenty miles an hour when it struck the streetcar.

Robert O'Keefe, conductor in charge of the switching crew, and William Carter and Alex Chishe, motorman and conductor, respectively, of the streetcar, were taken to police headquarters.

The streetcar was struck almost in the center, the impact pushing it from the tracks and sliding it alongside of the freight cars. Panic-stricken passengers began jumping from both the rear doors and climbing through windows. Most of the dead were killed by jumping from the car and falling under the wheels of the still moving freight cars.

Ambulances from every hospital in Detroit were rushed to the scene and quickly took the injured to the hospitals, where medical aid could be given.

RIPLEY FOR ACTION

(By American Press)
 New York, Oct. 2.—Edward P. Ripley, president of the Atchison, Topeka and Santa Fe railway, sent to the stockholders of the company an appeal to them to work for the passage of remedial legislation to meet the situation created by the passage by congress of the eight hour law at the request of the four railway brotherhoods. "This company believes," he says, "that the act which congress has passed is unconstitutional and that steps should be taken to resist it in every lawful manner."

REV. A. P. CHERRINGTON TO SUCCEED REV. J. V. STONE

Present Pastor of Grace M. E. Church Transferred to Trinity Church in Chillicothe, and Pastor of That Church Comes Here—Rev. Ross Goes to Third Avenue, Columbus—Nelsonville Chosen For 1917.

The one hundred and fifth annual session of the Ohio M. E. Conference came to an end in Zanesville, Monday afternoon at 2 o'clock, when announcement of pastoral appointments was made by Bishop Anderson.

Rev. J. Vernon Stone, of Grace M. E. Church, this city, was transferred to Trinity church, Chillicothe, where the salary was increased from \$1800 to \$2,000, or more than ever previously paid by that church.

Rev. Stone is succeeded at this point by Rev. Arthur P. Cherrington, of Trinity church, Chillicothe, who is recognized as one of the most efficient ministers of the Conference, and who has a great many friends in this city and county who have known him for years.

Rev. F. E. Ross, former pastor of Grace M. E. church, this city, but who has spent the last year as pastor of First Church, Ironton, has been transferred to Third Avenue church, Columbus, at an increased salary and with better opportunities.

Dr. J. C. Jackson, superintendent of the Chillicothe District the past two years, was returned to the same work for the coming year.

Not in recent years has a greater number of pulpits changes been made, particularly in the more important centers of the Ohio Conference.

During his pastorate in this city Rev. Stone has made hundreds of friends in addition to the large congregation of Grace M. E. church, and has labored incessantly in his pastoral duties. While a great number of Washington citizens will deeply regret his departure, they are pleased to know that he goes to another strong church with equal salary, and will still be located close to Washington.

The new pastor started in the ministry in the Ohio M. E. Conference in 1900, when he filled the Sedalia charge, in lower Madison county. In 1903 he was transferred to Madison Avenue church, Columbus, where he remained until 1906, at which time he was changed to Pataskala, and from thence in 1907 to Gallipolis, remaining at that point until in 1911, when he was sent to Trinity church, Chillicothe, and has just completed five successful years at that point, being held in highest esteem by all who know him, and doing a splendid work at Trinity. Rev. Cherrington is past 40 years of age and is not married.

The next session of the Ohio Conference will be held at Nelsonville, in Athens County, September of next year.

Sunday afternoon a class of 17 deacons and elders were ordained by Bishop William F. Anderson. Bishop Anderson delivered the morning sermon.

Rev. A. C. Bostwick was given leave to withdraw from the conference. He was suspended by Supt. Evans, of the Marietta District.

Dr. J. W. Hoffman, president of

Ohio Wesleyan University, was admitted to the Conference.

At the closing session a committee was named to arrange a plan for "self entertainment" for ministers during conference week, thereby abolishing the practice of requiring members of the church entertaining the pastors to furnish board and lodging. The committee will report at the next session, at Nelsonville.

Other assignments in Fayette are: W. A. Whitmer, Staunton; C. L. Pfalsgraf, Good Hope, and H. K. Wilson at Jeffersonville.

AGAIN FACES MAYOR FINE \$10 AND COSTS

Vesta Stultz, who has been in mayor's court a number of times, and who recently figured in a joy-riding mishap in this city, was before Mayor Oster again Monday morning, to answer to a charge of indecency.

The woman enter a plea of guilty and was fined \$10 and the costs, which she arranged to pay.

The woman also stated that she would leave the city by Saturday night and remain out of town. She goes to Xenia.

Before dismissing her, Mayor Oster gave her a severe lecturing which apparently did little or no good.

GRAVE DANGERS FOLLOW RUNNING OF MOTOR TRUCK

For several days Washington citizens have held their breath in suspense while the huge eight-ton motor fire truck has been almost hourly sent over the main streets of the city at the speed of an express train with a man at the wheel who came here from Cincinnati a week or ten days ago to replace a cam-shaft in the big truck.

Regardless of the crowded condition of the streets, or the fact that the streets were wet and slippery, the big truck has whizzed by dozens of times.

Monday afternoon about 1:30 as the huge truck was rounding the corner at the intersection of Fayette and Court streets, at top speed, the wheels slipped over the wet surface and in a twinkling the big machine had turned completely about, barely missing an automobile at the south curb, but fortunately having ample room to make the turn without striking a vehicle or pedestrian, or smashing itself against the curb.

Since the mishap citizens, who have been loud in their protest against the fast driving over the crowded streets, are insisting that the practice be stopped and before the \$9,000 machine is wrecked or someone killed.

RALLY DAY FIRST BAPTIST CHURCH

Sunday was a notable day in the Sunday school work of the First

Papist church, with the State S. S. Secretary, Mr. W. A. Holmes, of Granville, O., co-operating with Supt. J. Howard Hicks in arousing new enthusiasm in this branch of church work.

There were 200 in attendance at the Sunday school service in the morning—the large number out an inspiration in itself.

The new orchestra, of six pieces, under the direction of Mr. Lape, played for the first time and was greatly enjoyed.

Mr. Holmes gave a fine address and in addition to special Sunday school exercises by the children of the Primary Department, there was a beautiful vocal duet by Mindona Dabe and Lena Householder; baritone solo by Mr. Lape, orchestra bell solo by Mr. Floyd Miller, piano solo by Gertrude Miller, who also played in a piano duet with Sarah DeWeese.

Mr. Holmes preached in the morning, addressed a Workers' Conference in the afternoon and the B. Y. U. in the evening.

RESIDED HERE MANY YEARS AGO

Mrs. Amelia Sager, resident of this city a number of years ago, died Monday night at the age of 75 years at her home in Lebanon, Ill.

The deceased was the daughter of Karl and Amelia Starkle, and was born in the city of Prague, Austria-Hungary, coming to this country with her parents when about 7 years old.

She was united in marriage to Chas. H. Sager, of Lebanon, Ill., at her home in this city, March 3rd, 1859, and after that lived in Illinois.

REV. TATE SUCCEEDS REV. J. O. HAITHCOX

Rev. Tate, of East Liverpool, O., has been appointed to succeed Rev. J. O. Haithcox as pastor of the A. M. E. church in this city, Rev. Haithcox having been sent to Chillicothe to probably the best appointment in the Ohio A. M. E. Conference.

The new pastor will move to this city within the next few days. A farewell reception is planned for Rev. Haithcox on Thursday night of this week.

THREE JUDGMENTS TAKEN IN COURT

In common pleas court Monday, James Ford and the Ford Hardware Company took three judgments against James Hodge et al., on old promissory notes.

The first judgment was for \$207.89 on a note of \$100 issued April 6, 1907. The second was \$198.57 on a note issued June 17, 1901, and the third was judgment in the sum of \$171.25 on a note executed July 25, 1908.

J. F. Adams represented plaintiff in the action.

DID YOU RECEIVE LYCEUM PROSPECTUS?

PLEADS GUILTY IS FINED \$25

Entering a plea of guilty to the charge of killing a squirrel out of season, John Speaks, Bloomington, Saturday afternoon was fined \$25 and the costs.

The action was filed by Deputy Game Warden Frank Hard of this city, before Justice of the Peace H. A. Pinkerton. The accused at first decided to stand trial, but later changing his mind appeared and entered a plea of guilty, paid the fine and costs assessed.

SPECIAL PROGRAM

Honoring "Rally Day" a splendid program was put on at the Sunday school of the First Presbyterian church, Dr. Carey Persinger, Supt., Sunday morning.

The feature was a special exercise "Americans," presenting a strong lesson to the intense interest of the audience. It was well put on by the girls of Miss Emma Jackson's class, the "Philatlea Club." Patriotic music was used.

There were cunning primary exercises in connection.

The attendance was very large. Prof. Probasco led an interesting Rally Day program at the Christian Endeavor service.

WILL ORGANIZE A CLASS IN SPANISH

Prof. W. E. McVey, of Ohio University, will be in the city Tuesday evening for the purpose of organizing a class in Spanish, and all who are interested will meet at the High school building at 7:30 Tuesday evening.

Wednesday afternoon at four o'clock a class in Child's Psychology will be organized.

FACES CHARGE OF CUTTING TO KILL

Harry Smith, before Mayor Oster, filed an affidavit against Laurel Allen, charging him with cutting with intent to kill.

The affair, according to Smith, occurred Sunday. He exhibited a knife wound in his back which he claims was inflicted by Allen.

A warrant for Allen's arrest was issued.

AFFIDAVIT ISSUED FOR OTIS ROWE

Charging an offense similar to that lodged against Vesta Stultz an affidavit was filed before Mayor Oster for the arrest of Otis Rowe, and a warrant was issued for his arrest.

MAN IS ACCUSED OF BOOTLEGGING

George Woods was placed under arrest Saturday night on a charge of bootlegging, taken before Mayor Oster, and his hearing set for Tuesday morning at nine o'clock.

According to information issued at the Mayor's office a strong case exists against the accused.

Editor Herald: The Comparison Congressional Form of Government (our present form of city government). With Commission Form of Government (the form proposed.)

Congressional Government, (the highest form of government known to man.)

We have in this government a definite government beginning with the council, each member is elected from a definite place, at a definite time for a definite length of time, representing a special people and responsible to those people for certain duties.

Each councilman is elected for two years. There being in this city two for each ward, and one at large, making a total of nine representing every part of the city.

The Mayor or Executor is elected by the people and has the express business of carrying out or executing the laws of the city. He is elected for two years and at the end

THE HALLMARK STORE

WHAT IT IS HOW IT BENEFITS YOU

This means that you can now obtain either a lower price on usual quality; or, a higher quality at the usual quality price. As an easy means of identification, this merchandise is all stamped with the name "HALLMARK." This mark not only guarantees quality and price—it also guarantees absolute satisfaction to the purchaser.

We are now able to secure better and larger assortments, newer, fresher stocks, and up-to-the-minute styles and designs because of this direct-from-factory buying.

Through The United Jewelers' expert buyers in New York we can now procure anything to be found in any jewelry store in America. This provides our customers with the same merchandise, the same prices, the same quality of general service available in the largest stores in the largest cities.

So, whenever you need dependable jewelry store items give our store your careful examination—its goods, its service; its safeguards against disappointment—its hospitalities. Prices, of course, are as usual, notably moderate.

By invitation, we have become members of The United Jewelers. This is an association of several hundred leading jewelers of the United States who do an annual, aggregate business of over twenty million dollars.

To gain membership, a jeweler must satisfy high and exacting standards. He must be the leading jeweler in his community and have the sort of reputation that commands and maintains public confidence.

Only one jeweler in any one town or city can gain membership in this association. Therefore, we consider our selection for this honor a great tribute to us.

The stores of the members of The United Jewelers are known as "THE HALLMARK STORES." They own and control productions from many factories, all of which is standardized in quality and price. Thus, the middlemen's profits and excessive costs of distribution are eliminated and we secure the lowest, direct-from-factory prices.

of that time, the people decide if he is the man they want and if so they re-elect him, if not some one else takes his place as decided by the ballot.

The Commission Form of Government is made up of a commission of say five to fifteen men elected by the people in mass, that is by every body in general, and they are elected from no place in particular, two from same house and all from same block, no difference.

They are elected for life save for one little clause, which amounts to nothing when commission has all power, and that is Referendum and Recall.

The commission in turn hire the man to run affairs, call him Mayor, Manager, King or what you may, the Manager holds office as long as he suits the commission, the Manager usually appoints all offices under him.

Now having completed the outlines of both kinds of government I concluding this brief out line, there are two more points First that Commission Government is a form of Monarchy pure and simple, and second to give a comparison as to how unsystematic and indefinite Commission Government is, we will abbreviate by using Cl. for Council and Cn., for Commission. Cl. number two from each ward, Cn. indefinite say five, say fifteen, Cl. time at regular city election, Cn. time any time just name it. Cl. place, respective ward, Cn. place, any place all from one block, no difference. Cl. duties, to make laws, rules and decisions, for governing city. Cn. duties, to run the town or have a Manager run it. Cl. term of office two years, Cl. term of office, for life or during good behavior as decided by the commission.

This will give an idea of just a few of the differences. In my next article I wish to take up, the true Historical Setting of Commission Government and possibly, the possibilities and probabilities of corruption.

In Social Circles

Many features out of the ordinary combined to make a six o'clock dinner given by Miss Prudence Culhan Saturday night at the Maple Grove Springs Hotel one of distinctive pleasure.

It was in honor of Miss Regina McDonald, whose marriage to Mr. Frank Eocke, of Dayton, will be solemnized at St. Colman's church on the seventeenth of October, and there is always charm in a bridal affair; then the auto ride through the hills and the beauty of Maple Grove in its first autumnal richness contributed to the charming hospitalities which awaited the guests.

An elaborate four course dinner was served, with a pink and green color scheme effectively employed. The table was lighted by pink shaded candles and at each cover by pretty place cards lay an exquisite pink rose bud. A mound of green formed the center piece and little fancy pink baskets held the bonbons.

The guests, who formed a merry and congenial coterie with Miss Culhan and Miss McDonald, were Misses Nina Dahl, Helen Jones, Marie Lanum, Emily Tanzey, Mesdames H. E. Daugherty and Frank Michaels.

Miss McDonald was lovely in a modish gown of new blue crepe meteor, with georgette crepe sleeves and vest, and trimmings of fur and silver.

Miss Culhan was pretty all in white. Dancing followed the dinner. There are several affairs on tapis for Miss McDonald this week and next week she will be the honor guest at affairs in Springfield and Dayton.

A hundred and thirty neighbors and friends congregated at the home of Mr. and Mrs. John Draise, east of town, Sunday in honor of the birthday of Mrs. Draise.

It was certainly one of the most delightful affairs of the kind which has ever been given, and the entire day overflowing with happiness enjoyed by no one more fully than the guest of honor.

There certainly never was a finer picnic dinner, every expert housekeeper having tried herself on the preparation of delicious viands. There were twenty-three cakes, each worthy of a cake show prize, and fried chicken enough for a big hotel.

The special feature was a beautiful birthday cake with 54 burning tapers.

The older people were seated at long tables indoors and the younger picnic fashion on the lawn.

During the afternoon Miss Culhan and Mr. Tom Cullen furnished excellent vocal and piano music and Helen Lemons delighted the guests with a reading. Mrs. Harry Taylor and Mrs. Will Reif also contributed musical numbers.

The surprise was under the capable supervision of Mrs. Allie Lucas, Mrs. Beryl Cavinee.

Mr. and Mrs. J. A. Parrett extended the hospitality of their handsome home in Jeffersonville at an elaborate dinner Sunday, the occasion of their fortieth wedding anniversary.

Guests attending from this city were: Mr. and Mrs. A. W. Duff, Mr. and Mrs. James A. Crawford, Mrs. Ruth Brownell, daughter Miss Lucy, Mrs. Josephine Kerr.

Mr. and Mrs. Charles Roberts and daughter Miss Blanche, entertained with an elegant dinner at their country home Sunday.

Thoroughly enjoying the affair were: Mr. and Mrs. A. G. Cockerill and daughter; Mr. and Mrs. James Beatty and two sons; Mr. and Mrs. Clayton Cockerill and baby, of Greenfield; Mr. and Mrs. Henry Mark; Mrs. Eliza Waddell, Mrs. C. E. Mark and Miss Ruth Mark.

Scarlet salvia and chrysanthemums were tastefully used in decoration.

Mr. and Mrs. Marion Wilson gave a delightful dinner at their home Sunday in honor of Mr. and Mrs. Horatio Wilson, who have been married only about two months.

Those in attendance, highly enjoying the happy occasion, were: Mr. and Mrs. W. W. Wilson, Mr. and Mrs. E. C. McCoy and family, Mr. and Mrs. Everett Wilson, Mr. Isaac Cavinee and daughter Laura.

ANOTHER RAID BY AIR SHIPS

Attack London and the East Coast of England.

ONE ZEPPELIN DESTROYED

Russians Start Another Big Offensive With Lemberg, the Galician Capital, the Objective—French and British Make Additional Gains in Somme Sector of France—Operations in Other Zones.

London, Oct. 2.—Zeppelins last night again raided the east coast of England and the city of London.

The official statement says a number of bombs were dropped, but that the damage was slight. An airship is reported to have been brought down north of London.

Four Zeppelin raids on London and the east coast have been carried out in the last month, the more recent attacks being made by airships of the newer and bigger type. On Sept. 2 one Zeppelin was struck while flying over the London district and fell in flames. Two Zeppelins were destroyed in the raid on Sept. 23.

Still further gains for the British and French troops north of the Somme river in France are chronicled in the latest official communications from the war office at Paris. The Germans have been cleared out of positions near the St. Eloi redoubt which they had held since the heavy fighting of last week, and also have been forced to give up all except a very small portion of the Schwaben redoubt in this region. In addition, to the east, between Lesars and Fliers, the troops of General Sir Douglas Haig have pushed forward their positions. German trenches near Morval and Clerly fell into the hands of the French in grenade fighting.

Berlin reports, however, that attacks by the British east of Thiepval and by the French in the vicinity of Rancourt, Courcellette, Morval and Halle were repulsed.

In Galicia the Russians have started another big offensive, with the purpose of driving on to Lemberg. Berlin asserts that the Russian forces along the Brody-Lemberg railway were stopped by the artillery of the Teutons. But on the southern wing Berlin admits the Russians gained a foothold and also advanced in the angle between the Tseniuvka and Zlota Liya rivers.

In the Carpathians, in the Ludowa region, the Austrians have turned to the offensive and, according to Vienna, in an attack captured four Russian officers and 432 men and eight machine guns.

The Roumanian theater is witnessing only local engagements. The number of prisoners taken by the army of General Von Falkenhayn in the Hermannstadt region exceeded 3,000. Thirteen guns and large quantities of supplies also were captured, including 300 railroad cars laden with munitions.

PREDICTION

(By American Press)

Berlin, Oct. 2.—The military critic of the Vossische Zeitung predicts that the Russian offensive on the eastern front will come to a complete stop about the middle of October. He says:

"The Russians have nowhere made any appreciable gains since the first week of August, although General Brusiloff brought up enormous masses of fresh troops and sacrificed them more recklessly than ever before. The Carpathians have again proved an insurmountable obstacle in the path of the Russian waves. In a short time the mountains will be covered with snow and during the winter months a further advance of the Russians is practically impossible south of the Dniester."

"On the Galician front north of the Dniester, as well as in Volhynia, the Russian attacks have lost their force, although they are still kept up. The Russian legions are weakened by their tremendous losses and they have shot their bolt, at least for the present year. The proof for this is furnished by the fact that the German and Austro-Hungarian troops, who are now aided by strong Turkish forces, are regaining considerable territory in their counter attacks. Lemberg can not be reached by the Russians and the operations will soon settle down to trench warfare."

BUSY DAY PLANNED FOR OMAHA

Wilson to Deliver Speech In Nebraska's Metropolis.

ALL ARRANGEMENTS MADE

President Leaves For the West Tomorrow and Will Return to Shadow Lawn Saturday, When He Will Address an Assemblage of Independents—Message to Head of Truth Society Subject of Many Telegrams.

Long Branch, N. J., Oct. 2.—President Wilson will deliver a speech at Omaha, Neb., this week. All arrangements for the trip have been completed.

The president will arrive in Omaha Thursday morning at 11:40 o'clock and will remain there until 10 o'clock that night, returning to Long Branch Saturday morning at 10 o'clock. Saturday afternoon he will address an assemblage of independents here.

A busy day has been arranged for him in Omaha. Soon after his arrival he will attend a luncheon at the Commercial club. Then he will ride at the head of a historical pageant and later review it. After dinner in the evening he will speak in the Omaha auditorium.

Henry Ford of Detroit, who recently came out in support of Mr. Wilson for another term, will lunch with the president today. Prospects for peace in Europe are expected to be discussed.

President Wilson received a number of telegrams bearing on his message to Jeremiah O'Leary, president of the American Truth society, telling him he wanted no "disloyal" Americans to vote for him. Most of the telegrams praised the president for his stand, but a few criticized him.

Statements made by a brother of O'Leary that suit would be brought against the president for libel were received lightly by administration officials. No comment was made except that President Wilson personally handled the telegram to Mr. O'Leary and stands back of the message.

SOARING UP

(By American Press)

London, Oct. 2.—While the necessities of life, such as bread, sugar, meat, milk and ordinary vegetables have doubled in price in Great Britain, the luxuries were never in living memory so cheap. Thus, while beef and mutton can scarcely be purchased under 37 to 40 cents a pound, venison, which prior to the war was never sold under 60 cents, can now be bought at 12 cents. Oysters are within the reach of all. English natives are now retailers in West End restaurants at 25 cents the dozen, where formerly they had a ready sale at 90 cents. Pine apples, which used to demand anything from \$1 to \$2.50, are now procurable at 10 to 20 cents, but the humble orange, which was formerly sold at a half cent each, are now comparative luxuries, at 4 cents each. Of course, there is no particular demand among the masses for venison, grouse and pineapples, otherwise the price would go up.

AUSTRIA MAY SEND US APPONYI AS AMBASSADOR

COUNT APPONYI

Count Albert Apponyi, one of the leaders of the opposition in the Hungarian parliament, according to advices from Budapest, is a receptive candidate for the post of Austro-Hungarian ambassador to the United States. He is well known in America, and it was urged in the lobby of the Hungarian house of deputies that his appointment would be received equally well in Hungary and the United States. Count Apponyi a few days ago referred to the vacant ambassadorship in a speech in the house of deputies, in which he said: "We all expect that a suggestion of peace will come eventually from across the ocean. When that time arrives it will be unfortunate if we do not find ourselves represented there. Certain steps already have been taken by the American administration hinting that it would be pleased to see the monarchy again represented in Washington."

SOMETHING NEW

New York, Oct. 2.—The women's Hughes campaign train left here today on a month's whirlwind tour of twenty-eight states. It carried dozens of women spellbinders, who expect to show the country its interest would be served better by Charles E. Hughes than by President Wilson. Prominent among those who will speak on part of the itinerary are Mrs. Raymond Robins, wife of the Progressive leader of Chicago; Miss Maude Minor, well known in probation work for girls; Miss Mary E. Droier of the Women's Trade Union league; Miss Helen Told and Miss Frances Keller. The states to be visited include Ohio, Michigan, Illinois and Indiana.

UNKNOWN TO PASSENGERS

Liner Philadelphia Arrives With Fire In Cargo Hold.

New York, Oct. 2.—Fire which broke out in the cargo hold of the American line steamship Philadelphia, while the vessel was approximately 800 miles from this port, still was smoldering under a blanket of steam when she arrived here. So successful were the officers and crew in keeping the news from the 646 passengers, lest there should be panic among them, that few were aware of the peril they had been in until after the big liner docked.

The first intimation of fire in the hold of the Philadelphia was when smoke was seen pouring from a hatch almost directly under the steerage dining room aft. The officers, it was said, removed the 343 steerage passengers at once and took precautions to keep the news from spreading to the first and second cabin passengers. While it was asserted the blaze was got under control quickly, no time was lost in steaming to port.

The Philadelphia left Liverpool Saturday, Sept. 23. How the fire started, it was said, had not been determined. Flooding of the cargo hold checked the flames, according to the crew.

GERMAN-AMERICANS

Columbus, Oct. 2.—The larger cities of Ohio were represented at a meeting of the local presidents of the German-American Alliance, held here. An attempt was made to put over an endorsement of Charles E. Hughes, Republican candidate for president. Everyone, it was said, had been sworn to secrecy. Another meeting will be held in the near future.

GLORIA'S ROMANCE

By Mr. and Mrs. Rupert Hughes

SYNOPSIS.

Pierpont Stafford, banker and railroad magnate, with his sixteen-year-old daughter, Gloria, is wintering at Palm Beach. Gloria is a vivacious but willful young lady who chafes under the restraining hand of a governess from whom she repeatedly escapes. Her childish capers cause young Doctor Royce to fall in love with her. She steals from her room at night and in an auto plunges into the surf where she leaves the car. Becoming lost in the everglades she falls into the hands of the Seminole Indians. She is rescued and returned to her father who had offered a reward for her return. Gloria falls in love with her rescuer, Freneau. Five years later she leaves school and meets Freneau at the theater; his attention having been occupied with his sister-in-law he has forgotten Gloria. Gloria feels that her one dream is shattered. Later Freneau persuades her to marry him. Gloria's sister-in-law, Lois, becomes intensely jealous and Doctor Royce discovers in her an ally to assist in thwarting Freneau. Doctor Royce warns Freneau that there is another woman besides Gloria; Freneau goes sleighing with Gloria without her father's knowledge. It results in pneumonia for Gloria, whose family becomes incensed at Freneau when they learn the truth. Royce is summoned to alleviate Gloria's suffering. Freneau's finances being low he approaches Pierpont Stafford for a loan. Doctor Royce again warns Freneau of his conduct. But Lois, learning of Freneau's betrothal to Gloria, threatens him with dire punishment. Her husband, Gloria's brother David, becomes suspicious; he plans a trap for his wife. Freneau driven to desperation by Lois' threats agrees to spend a week with her in the Catskills. He plans to have Mulry send Gloria a bunch of telegrams. Lois' husband threatens to kill a man. After Freneau takes leave of Gloria she sees from her window an attack made upon him when he goes to meet Lois. Doctor Royce convinces her that what she has seen is the result of delirium. Later a telegram, followed by a letter, comes from Freneau. She replies but her telegrams are returned. The first morning she is allowed from her room, she accidentally sees the supposed suicide of Freneau reported in the paper. Then Gloria swears to find the murderer of her lover. Royce becomes alarmed and tells what he knows of Freneau to Mr. Stafford. Together they seek to prevent scandal from enveloping Gloria. She accuses them in her mind of conspiracy against her.

Now Lois Stafford had also an important errand at this office. Her whole future and reputation lay in the packet of letters that Freneau had promised to return to her. She was sure that they were not on his body, for had they been found the newspa-

She Called at the Broker's Office.

pers or the police would have mentioned them soon enough. To recover those letters was now her prime purpose in life.

She thought of Mulry as the one most likely to be in possession of Freneau's effects, so she called on Mulry, never dreaming that Freneau had told him of her own interference in

his plans to wed Gloria, or that Mulry collaborated with Freneau in his elaborate scheme to trick both women. Least of all did Lois dream that

Gloria herself would be at Mulry's office. The stenographer was more impressed by Lois' clothes than by her attempts to be casual in her inquiry as to Mulry and "the papers of poor Mr. Freneau."

The stenographer murmured to the bookkeeper: "Two swell dames campin' on Mr. Mulry's trail the same day! Somethin's goin' on here that ain't gettin' into the letters he dictates to me."

So she did not tell Lois of Gloria's presence, and Lois went away in a turmoil of anxiety as great as that in Gloria's mind when she heard Lois ask about "poor Mr. Freneau." A knife of jealousy went into Gloria's heart and a hideous intuition that her beloved Dick might have bewitched Lois as he had bewitched herself. Those eyes of his had been perhaps a little too winning.

She rebuked herself for allowing the suspicion even to flit through her brain and began her note to Mulry. Her eye fell on the letterhead. The branch offices of the brokerage firm were listed in an upper corner: Albany, Buffalo, Cleveland, Detroit, Chicago, St. Louis, Pittsburgh. A new suspicion stabbed Gloria. The telegrams and letters in Dick's writing had been sent from just those cities in just that order. Yet he had been dead when they were sent.

The earliest explanation was the true one, and Gloria guessed it immediately. He could have sent them to the branch offices in advance to be sent to her in order or he could have intrusted them to someone traveling the round of offices. Her intuition hit on the truth, without knowing it. The very ease of the trick disgusted her. She felt herself in the shadow of some hateful conspiracy. She began to doubt her own memory as to the letters and telegrams.

Crumpling the letter she had begun and thrusting it into her handbag, she left the office, telling the stenographer

A Knife of Jealousy Went Into Gloria's Heart.

that she would telephone to Mr. Mulry. The elevator seemed to drop out beneath her as her whole trust in man and love had fallen from under her. She reached her motor and told the driver to make haste for home.

The crowded traffic, with its delays,

maddened her, and when she reached her house at last she was in a frenzy. She ran up to her desk, took from the strong box the letters and telegrams of her lover, and compared them with the letterhead, laying them out date by date. There they were, the same towns in the same order, like a loathsome timetable of deceit. Her love revolted at the very picture of Freneau. She lost all self-control and cried at it:

"Whoever killed you and whatever his reason was, you lied to me, Dick. You never loved me, and I don't love you any more! I won't wear mourning for you any more."

She rang her bell furiously and ordered her startled maid to bring her the brightest gown in her wardrobe. She caught it from the maid's hands and drove the girl out, then flinging the riotous colors about her black gown like a scarf, she broke into a dance, flinging her lithe body into postures of joy and crying out that she was happy and that her heart would never be the fool of love again.

But she was not strong and her hysteria wore out speedily. Her heart swung back to its love again and she fell across the divan sobbing: "Forgive me, Dick. I believe you in spite of the world. I love you in spite of everything and I'll find out the truth—the truth—the truth!"

Columbus, Oct. 2.—Board of education members were called on by Superintendent of Schools Francis to authorize a vote at the November election on a \$3,500,000 bond issue for the erection of twelve new school buildings, including a new technical school, and repairs and alterations to as many more.

Witness Held in Murder Case.

Lorain, O., Oct. 2.—Police are holding W. M. Miller as a witness in the murder of Mrs. Minnie Hoffman, forty-six, found in her home here with her throat cut. Miller went to see the woman to find lights burning, but no one apparently at home. He climbed through a window and found her dead, he says.

Publisher Locke Dead.

Tiffin, O., Oct. 2.—Otis T. Locke, seventy-four, dean of northern Ohio newspaper men, is dead. He was a nephew of David R. Locke, "Petroleum V. Nasby," with whom he was associated from 1864 to 1868 on the Findlay Republican. He was at one time owner of the Booneville (Mo.) Boomerang and published the Tribune here forty-six years. He was postmaster of Tiffin twenty years.

Wharton Loses Case.

Lima, O., Oct. 2.—With the unanimous vote of 32 election officials against him, the petition of Charles E. Wharton of Kenton, candidate for judge of the court of appeals, was thrown out and his name ordered removed from the ballot. Evidence was presented tending to show that 600 of the 1,700 names on Wharton's petition were fraudulent. The charges were filed by Judge Phil Crow, Democratic candidate for election.

Train Jumped Track.

Cincinnati, Oct. 2.—Engineer Berry and Fireman Miller of the Pennsylvania passenger train No. 1231 were killed and several passengers were injured when the train left the track at Kings Mills station. According to Cincinnati officials of the Pennsylvania railroad, the accident was due to breaking of a piston rod of the locomotive of the train. When the rod broke, both engines leaped from the rails and pulled two coaches with them.

DEATH CLAIMS PROMINENT MAN

James P. Clarke Succumbs After a Short Illness.

Little Rock, Ark., Oct. 2.—United States Senator James P. Clarke, president pro tempore of the senate, is dead after a brief illness.

Senator Clarke left Washington a few weeks ago, apparently in good health. In the closing days of the last session he presided over the senate, owing to the absence of Vice President Marshall. The railroad eight hour bill, which prevented the nationwide strike, was passed with Senator Clarke in the chair, but he was one of two Democratic senators to vote against the measure, and he refused to sign it. He appointed Senator Hughes as acting president pro tempore when the bill was presented at the presiding officer's chair for signature.

Senator Clarke had been president pro tempore of the senate since the Democratic party gained control in 1913. He was chosen by the party caucus to succeed the late Senator Frye of Maine, after a spirited contest, and was re-elected to the place in the Sixty-fourth congress despite determined opposition based on his sensational revolt against the administration ship purchase bill in the previous congress.

CLINTONS LAND FINAL CONTEST OF EXHIBITIONS

"Jinx" Which Landed on Our Boys
After They Became Cham-
pions Clings to Them in Sun-
day Game.

Close Contest Offered Some Un-
usual Features, Curious, Weird
Wobbles Being Chief.

It is well indeed for our noble Athletics that they won the inter-city championship in that memorable fifth game of the series played at Wilmington two weeks ago Sunday, because a large sized and energetic jinx has been on them ever since.

As a consequence both post-season exhibition games have gone to the fighting Clintons, one on the diamond of our own club and the last one on the grounds of the Wilmington team Sunday.

Wilmington won both contests, not because the Athletics didn't try and didn't play good base ball, but just because the bunch from sleep-town play a little bit better baseball and had "the breaks" and they always count heavily in the balances

in favor of the team which "has 'em."

Sunday's game was brilliant, hard fought and scientific from start to finish. The Athletics should have won, but they did not.

Corwin, usually dependable and brilliant, played a miserable game at short field, mussing up all but one of his six chances, accepting only one of his fielding chances out of six.

It was one of those unexplainable bad days which comes to every good player, generally at the most critical time.

The local team in Sunday's game seemed to have sewed up and tucked away, owing largely to the masterful pitching of Bruck.

In the last half of the ninth the Clintons, struggling desperately, tied it up in this way:

Stoops, first up, singled between first and second. Stell singled past short. Stoops going to second. Novack grounded to second but Bruck knocked the ball down, preventing a double. Novack was out at first and Stoops and Stell roosted safe on third and second. Then McCall, Texas leagued back of second and Stoops and Stell crossed the pan with the two tallies necessary to tie. Emory fled out to left and Heirone-mus singled; McCall to third. Blodgett fanned.

In the tenth our boys were helpless and in their last half the Clintons pushed over the one tally needed to win by this process:

Purtell safe at first on Corwin's fizzle. Shrimper tried to sacrifice and when Riley picked up the sphere and hurled it to second for a force out of Purtell, Corwin allowed it to pass on unchecked to center field, populating second and third with Shrimper and Purtell. Stoops fled to deep center and Purtell scored on the throw in, a beautiful assist from deep center by Kelley, being poorly handled at the plate, ending the game.

In the third our boys scored one. After two were out Kelley bingled for two cushions and Grandle and Adams each singled in succession, scoring Kelley.

In the ninth another was added. Adams led off with a two cushion biff. Lewis fled to center. Bruck singled to left, Adams scoring. Next two up out in order.

WASHINGTON WINS SECOND OF SERIES

By splendid team as well as individual work, Saturday afternoon, Washington High defeated the strong Greenfield High on the latter's own gridiron, and in face of severe handicaps shut out the Greenfielders and stacked up 13 points to the good to the great chagrin of the Greenfield team and the large number of spectators, some of whom were anything but courteous to the Washington lads.

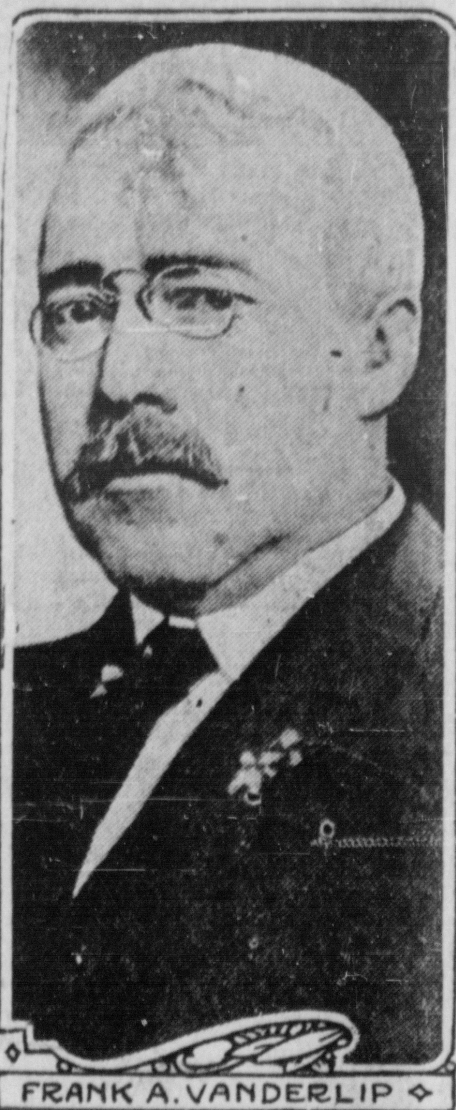

At all stages of the game the local boys outclassed their opponents, regardless of the weight against them, and each man played gamely and with coolness, stacking up seven points in the first half and six in the last.

Washington was accompanied by a bunch of lively rooters.

Next Saturday afternoon Springfield high, probably the strongest opponents Washington will have, will meet Washington on the Athletic field in this city, and all members of the team are preparing for a hard battle and for victory.

BANKER VANDERLIP ADVOCATES UNIVERSAL MILITARY TRAINING

FRANK A. VANDERLIP

"If ever a people should pause, if ever they should look abroad and profit by the experiences of others, should comprehend their national dangers in the light of the terrible realities that are being enacted before their eyes in other nations, it is now, and we are that people."

In these words Frank A. Vanderlip of New York, addressing the American Banker's association convention in Kansas City, Mo., warned his hearers they should not take too easily the present great wealth of this country that "seemed dangerously likely to submerge us in our own prosperity."

TWO KILLED TRUCK JUMPS OFF OF ROAD

Tragedy Near Lorain
Exacts Heavy Toll
of Life.

By Associated Press Dispatch.

Lorain, Ohio, October 2.—Two men were killed yesterday, one fatally hurt, and two seriously injured south of this city, when a motor truck on which they were riding plunged down a 75-foot embankment into the Black river. The dead are Alex Nagi and Joseph Michael.

With the exception of Banks one of the men injured, who was driving the truck, the victims were laborers employed by a construction company of Elyria, and were on their way to Lorain to work.

To avoid hitting a wagon at the approach of the bridge, the truck was turned out and went too close to the edge, the big machine plunging over the bank.

County officials have detained the gateman at the railway crossing, the motorman and conductor of the street car, and the engineer and conductor of the train for an investigation into the cause of the accident.

The bodies of the remaining unidentified dead in the street car accident were identified later today by relatives and friends, and it is declared that all or the dead are now known to have been residents of this city.

ALL MEN ARE COMRADES WHEN IN EUROPE'S TRENCHES

The trenches of Europe, filled with men who realize every moment of the day that their lives are at stake, have brought about a closer brotherhood of man than anything else for generations. The men come to depend on each other to a marked degree, and the willingness to help and aid is always apparent. The priest doing little kindnesses for a soldier is by no means infrequent at the front. The one above is using a safety razor to shave a French comrade of the trenches.

PRINCESS TO WED

Ceremony Is Expected to Unite
Japan and Korea.

EMPEROR TO SANCTION IT.

Prince Yi, Prospective Bridegroom, Is Twenty Years Old and Princess Fifteen—Young Prince Is a Student in Military Academy, From Which He'll Be Graduated Next Year.

Tokyo.—The secret already suspected of the visit of Count Terauchi, governor general of Korea, to Japan is now fully revealed in the announcement of the betrothal of Prince Yi, eldest son of the former emperor of Korea, to a lady of the Japanese blood imperial, the Princess Masako Nashimoto, first daughter of Major General Prince and Princess Nashimoto, says the East and West News agency. The prince is high in Japanese army circles.

The idea of the union and the choice of the lady are highly approved in Japan. Prince Yi is twenty years old, and the princess is fifteen, and both are receiving their education, so the marriage will not take place for a few years.

All the necessary arrangements have been considered except the formal sanction of the emperor and the formal approval of Prince Yi, father of Prince Yi, and Prince Yi, his brother—both stated to be matters of form, since Count Terauchi obtained the consent of the Korean princes before he left Seoul.

Princess Masako Nashimoto was born in November, 1901, and is now in the third year class in the Peers school. She will complete her course in the middle grade in 1918. She is one of the best students in her class.

The young Prince Yi is a student in the Military academy, from which he will be graduated next year. Since he was brought to Japan by the late Prince Ito several years ago he has lived entirely according to Japanese custom.

The idea of such a union originated with the late Prince Ito. No provision for a marriage of this sort is made in the constitution for the imperial family of Japan. As a result a revision in the constitution will be necessary.

Rainbows.
The time of day or the state of weather when a rainbow appears is believed by many people to be an indication of future weather conditions. According to an old time, a rainbow in the morning warns the shepherds to be prepared for rain shortly; an evening rainbow points to fine weather the next day. Sailors believe that a rainbow in the wind is a sure sign of continued wet. If it comes in the opposite quarter the rain will soon stop. Again, if in fair weather a rainbow be seen foul weather will speedily set in, but if the bow appear in foul weather fair weather will be at hand.

AIRSHIPS
REACH
LONDON

Ten Big German Airships Cross the East Coast of England Last Night.

One Driven Off, Seeking to Return, Was Shot Down and Occupants Incinerated.

(Associated Press Cable.)

LONDON, ENGLAND, OCTOBER 2.—TEN AIRSHIPS CROSSED THE EAST COAST OF ENGLAND LAST NIGHT BETWEEN 9 O'CLOCK AND MIDNIGHT.

One airship, of the latest type, approached the north of London at about 10 o'clock, but was driven off and pursued by aeroplanes.

She attempted to return, but was attacked by guns and aeroplanes and brought to earth in flames in the neighborhood of Pottery Bar shortly before midnight, where she fell into an open field.

The members of the crew were incinerated and the bodies scattered over the field some eighty yards from a farmer's cottage.

The airship burned more fiercely than the one previously destroyed. A second airship attempted to attack London from the northeast and was driven off. Bombs were dropped.

The remaining airships wandered aimlessly over the eastern counties, and in Lincolnshire bombs were dropped promiscuously.

Most of them appear to have been dropped in open country, for police reports late today tell of but one person being killed, one injured and announce that the material damage was small.

UNION STOCK
YARDS BURNED

Many Head of Cattle and Quantity of Supplies Are Consumed at Cleveland.

By Associated Press Dispatch. Cleveland, Ohio, October 2.—Several hundred head of live stock, two acres of sheds and a large quantity of supplies were destroyed by fire at the Cleveland union stockyards here this afternoon. The loss will be about \$35,000.

Many carloads of cattle were saved by being hauled from the danger zone, and hundreds of others, in pens, were released by employees and are now roaming the entire west side of the city.

SALONIKI SEES LIVE REPRODUCTION OF
AMERICAN PAINTING, "SPIRIT OF 1776"

"SPIRIT OF 1916" IN GREECE.

As the three men shown in the picture paraded the streets of Saloniki, where they were photographed, they reminded some Americanized Greeks of the American painting, "The Spirit of 1776," and the pic-

ture was dubbed, "The Spirit of Greece in 1916." Strictly speaking, however, these men are not Greeks at all, but Macedonian Turks and wandering mendicant musicians, wandering from town to town in the disturbed country. Men such as

these have caused much trouble in Saloniki and the surrounding country by their lawlessness, and their activities will probably be restricted severely when Greece begins active operations against the Bulgars and Turks.

RUSSIANS
ASSUMING
OFFENSIVE

Attention Again Directed to the Eastern Zone of War.

Lemberg Menaced.

Serbian Make Big Gains Against the Belgians.

(Associated Press Cable.)

London, October 2.—Successful resumption by the Russians of their offensive in Galicia draws attention anew to the eastern war theater, in which the operations have been apparently of comparatively small importance since General Brusiloff's drive for Lemberg was held up some time ago.

Berlin Concedes

(Associated Press Cable.)

London, October 2.—Berlin and Vienna concede today that advantages have been gained by the Russians, who have been attacking from both the north-

east and southeast of the Galician capital, and have gained ground in the latter district and along the Brody-Zlochoff road, in the former.

In Macedonia

(Associated Press Cable.)

London, October 2.—On the southeastern front in Macedonia, the British have maintained the advance scored in their attack Saturday near the Struma, beating off Bulgarian attacks and retaining two villages captured along the road to Seres, according to London today.

The forward movement along the Struma synchronizes with a Serbian success on the western Macedonian front.

Serbian Success

(Associated Press Cable.)

London, October 2.—The continued struggle in the Kaimakalan district has resulted in the Serbians not only securing possession of the principal heights in the region southeast of Monastir, but in an advance of more than a mile north of the main peak, where the village of Kotchovie has been taken.

Somme Front

(Associated Press Cable.)

London, October 2.—Recent operations by the French along the Somme front appear to have been mostly in the nature of minor attacks.

The British main effort has been directed to the thrust toward Bapaume, along the road to Pozieres, where an advance on a front of

more than a mile and a half was announced last night by London.

Paris reports a French success east of Bouchavesnes, where a trench and some prisoners were captured.

Greece Ready

(Associated Press Cable.)

Athens, Greece, Sunday, October 1, via London, October 2.—The negotiations between Greece and the Entente Powers are believed, in circles close to King Constantine, to be nearing completion; and it is even asserted in some quarters that a military accord has been already secretly reached, but is being kept secret pending the arrangement of details, as in the case of Roumania.

Russian Captures

(Associated Press Cable.)

London, October 2.—Petrograd's official report today on the Russian campaign for Lemberg announces the continuation of stubborn fighting, with the taking of 1,500 prisoners by the Russians.

From September 19 to 28 the Russians took 2,600 prisoners in the Carpathians.

MURDER MYSTERY
GRIPS LANCASTER

By Associated Press Dispatch.

Lancaster, Ohio, October 2.—Local and state authorities are making efforts today to solve the mystery surrounding the death of Agnes and Alice Smetters, aged 48 and 59, and Miss May Stretton, 30, whose bodies were found by neighbors in the Smetters home yesterday.

The women were found seated in rocking chairs, as though death had interrupted a conversation.

Stomachs of all three women were sent to the state chemist at Columbus today for examination, to ascertain whether the women had been poisoned.

A half of an apple pie also was sent to the state chemist. Local authorities say the pie was the only food in the house which apparently had been eaten.

It was believed at first that escaping gas had killed the women, but no leaky pipes or sign of gas has been found.

IN CONFERENCE

President Wilson Talks With National Chairman

By Associated Press Dispatch.

Long Branch, N. J., October 2.—Vance C. McCormick, Chairman of the National Democratic Committee, arranged to come here late today for a conference with the President on the campaign.

It was considered probable that he would make final arrangements for the President's two speeches in New York state.

On his coming trip to Omaha and back, this week, the President will make brief stops in Chicago, but is not expected to speak there, as he will make an address in Chicago October 19.

Detroit Manufacturer Lunches With the President and Talks Politics.

By Associated Press Dispatch.

Long Branch, N. J., October 2.—Henry Ford spent several hours in conference with President Wilson today and reassured the President that, although he was a Republican in the past, he was supporting the President. Ford had luncheon with Mr. Wilson.

Representative Patten, of New York, also conferred with the President, discussing the political situation in New York state.

MILK SHORTAGE
IN NEW YORK

Dairymen and Distributors Disagree and Gotham Short 2,500,000 Quarts.

By Associated Press Dispatch.

New York, October 2.—Less than sixty per cent of the usual 2,500,000 quarts of milk required by New York and vicinity for daily consumption was reported available today, as a result of a deadlock between dairymen and distributors over the price of the product.

From the heads of the principal distributing concerns it was learned that the supply for customers was about 50 per cent of normal, but with a promise of better conditions tomorrow.

Hospitals and families with children are receiving first attention, the distributors said.

Efforts were being made today to obtain milk from distant states, and train service to transport it is being arranged for. No settlement of the dispute seemed in sight today.

German-Americans First Resolve That Wilson and Pomerene Must Be Defeated—Later Indorse Hughes and Herrick.

Prominent German-Americans Give Out Statements.

By Associated Press Dispatch.

Cincinnati, Ohio, October 2.—"Two things were done at Columbus yesterday by the German American Alliance:

"First, the passage of a resolution declaring that Wilson and Pomerene must be defeated, and

"Second, that Hughes and Herrick must be supported."

This statement was made here today by Henry Alberts, secretary of the state, as well as of the local German-American Alliance.

President John Schwab left for New York directly following the meeting of the Alliance in Columbus yesterday.

"It was the understanding that nothing was to be given out for publication until I had prepared, in a formal manner, exactly what was done; but in some manner, reports have leaked out, and I am therefore willing to tell what was done.

"The resolution as originally introduced was in the negative, inasmuch as it only declared that Wilson and Pomerene should be defeated; but after discussion it was amended to make a positive declaration in favor of Hughes and Herrick.

"More than this I do not care to say at present, but you can rest assured that all reports which deviate from the above information are not true."

By Associated Press Dispatch.

Columbus, Ohio, October 2.—Charles E. Hughes, Republican candidate for President, will speak in Columbus during the last week in October, it is announced at the Republican State Headquarters today.

GOVERNOR'S WIFE
RETURNS TO HOME

By Associated Press Dispatch.

Columbus, Ohio, October 2.—Mrs. Frank B. Willis, wife of the Governor, has been brought to this city from Delaware, Ohio, where she was injured in an auto accident last week, and is resting at a local hotel.

Physicians in charge of the case announce today that Mrs. Willis is rapidly recovering from the effect of the accident.
